JAPS GIVE WARMEST GREETING TO FLEET

Mikado And His People Dispel All Thoughts Of War

[Associated Dailies Telegram] Tokyo, Oct. 20.—American naval officers are unanimous in the declaration that the reception accorded them by the government and people of Japan is the heartiest and most perfectly carried out of the many receptions received by the Atlantic battle-ship fleet since it sailed from Hampton Roads.

Rear Admiral Sperry said that he was utterly unable to say how it had been accomplished, but that the welcome given the fleet and its officers and men here has been so carefully planned and carried out to the most minute detail that a lasting impression has been stamped upon the mind of every American who has witnessed it.

The men of the American and Japanese fleets are fraternizing everywhere in Tokyo and Yokohama. Every wish of the American sailors is anticipated, and each bluejacket finds an English-speaking guide among the Japanese sailors. The American uniform is the "open sesame" everywhere, the cordiality of the Japanese extending to the inhabitants of the most remote villages. It is impossible to doubt the sincerity of the Japanese. The American officers and sailors are already beginning to understand the fact that the evident desire on the part of the Japanese for the friendship of America is not founded upon opportunism, but finds its source in a sincere wish to show that such friendship, at least on part of the Japanese, has existed always, and that this visit of the fleet has merely afforded the Japanese an opportunity for the expression of that feeling.

There can be no doubt that the simultaneous visits of the American exposition commissioners, the Pacific coast business men and the Atlantic fleet are a part of an organized plan of the Japanese to finally wipe out all misunderstanding between Japan and America, and to give the visiting Americans an insight into the real attitude of Japan toward the United States.

It is absolutely certain that already the desired effect upon Americans has been produced. Since the arrival of the fleet not a single unpleasant incident has occurred, though the sailors of both fleets are swarming through the towns about Yokohama and Tokyo.

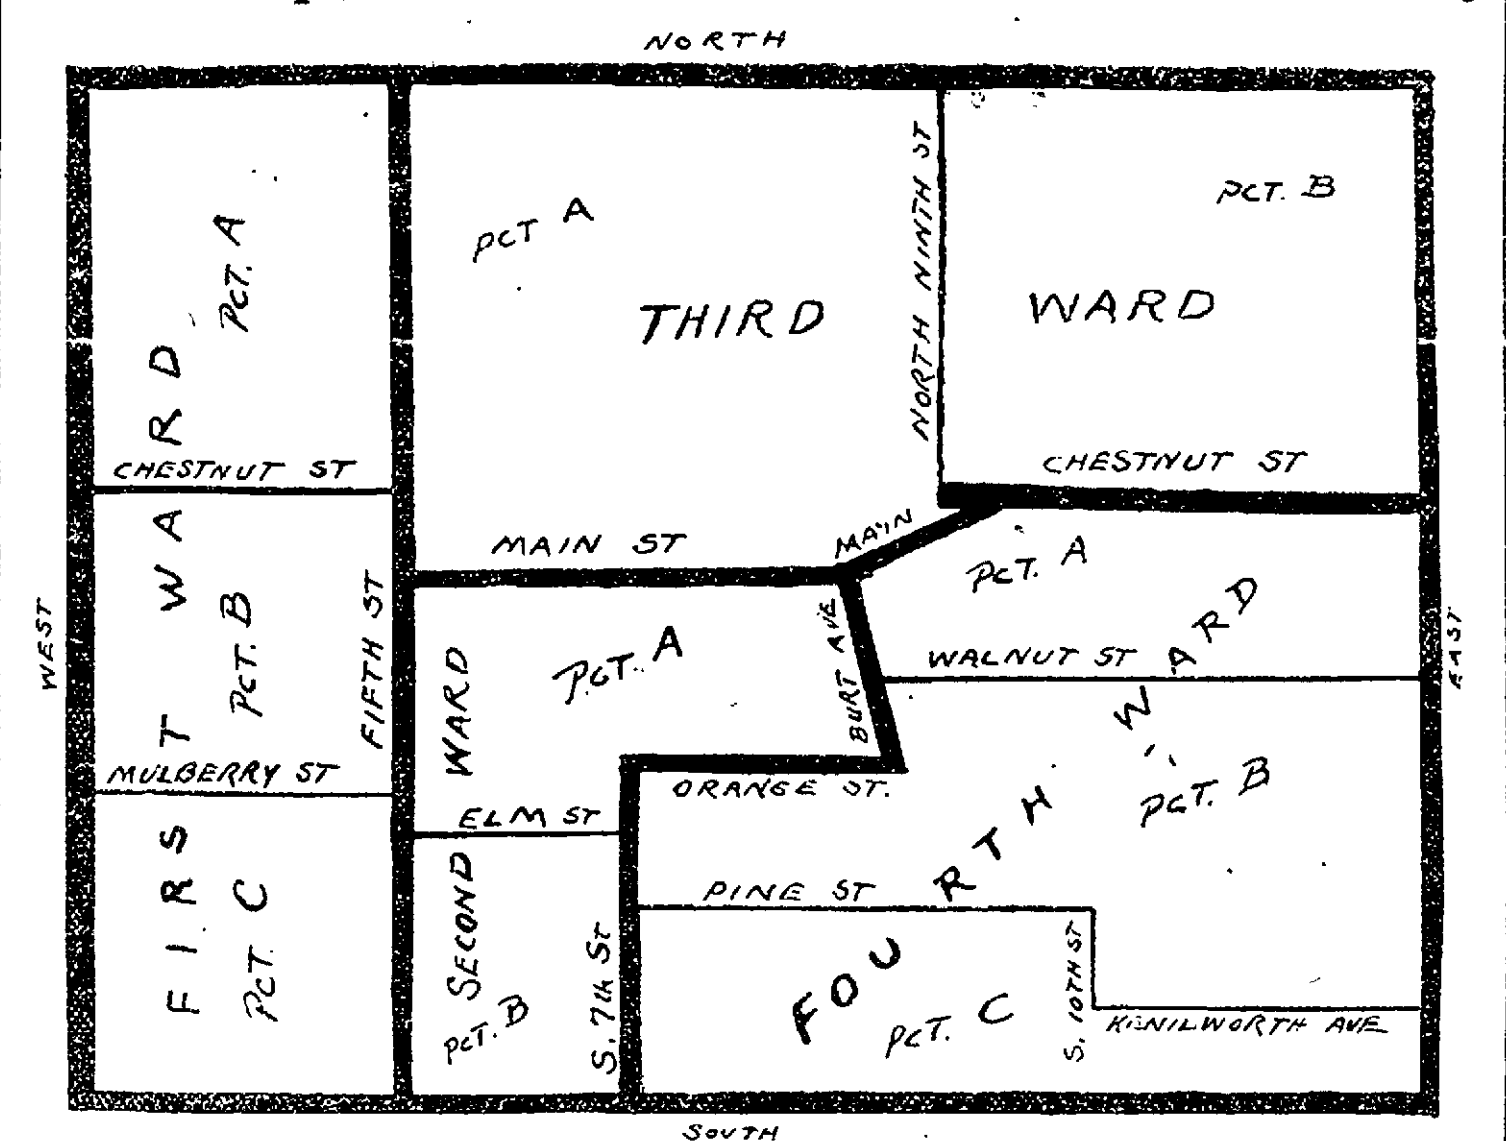

The statement having been made publicly and otherwise that C. B. McCoy approached me as a member of the county election board with a request that he be privileged to name the judges and clerks of the county option election, presumably for the purpose of having them all opponents of prohibition, I have to say that Mr. McCoy never made an such request; that the absurdity of the claim lies in the fact that the judges and clerks at this special election (except in the new precincts) had over from last year.

Of the eighteen officers appointed in these new precincts and a few others where vacancies existed, making about two dozen in all, Mr. McCoy made no effort either for or against any of the persons considered or appointed, except that he happened to be present when two names were mentioned by another man and he sanctioned the recommendation of these two men.

Mr. McCoy and I had a talk relative to the appointment of the new officers, to serve at the November election, in which he made certain suggestions that were very good and perfectly proper, but as they have no bearing on the question at hand I shall not consume newspaper space to relate the conversation, except to say that he and I were in perfect accord in a desire to have first class honorable men on these boards.

NEW OFFICERS OF POMONA GRANGE ARE ALL ELECTED

BY H. A. CATON

BLISSFIELD, October 20. The following officers were elected at the meeting of the Pomona Grange here Saturday: Master, O. R. Crawford; Keene High Grange; Secretary, Alon Mercer, Fresno Grange; Treasurer, Ed Norman, Keene; Overseer, Geo. Wyler, Fresno; Lecturer, W. A. Little, Perry Grange; Steward, W. H. Williamson, Blissfield; Chaplain, Peter Shaffer, Plainfield; Assistant Steward, Nathan Thompson, Oak Grove; Lady Assistant Steward, Bernice Hamilton, Fresno; Deputy Harry Caton, Oak Grove; Rec. Keeper, Steven Lovelace, Baker'sville; Pomona, Miss Nellie McCormick, Keene; Flora, Miss Clara Stengel, Oak Grove; Ceres, M. S. Little, Perry Grange.

Worthy Master R. A. Todd convened the meeting at 10:30. After the usual lodge work Allen Murphy, of Fresno addressed the meeting on "Constitutional Amendments." He discussed the proposed amendments in a clear, concise way from a farmer's viewpoint and prepared his hearers to vote intelligently upon them.

At 12 o'clock a recess was declared and Blissfield Grange served an excellent dinner to the members. After dinner a class of ten members were given the fifth degree obligation. The election of officers was held under the new Grange ruling which requires that no nomination be made. H. A. Caton was given the county's endorsement for county deputy, subject to the appointment of the state authorities. The election in October next year will be held in the auditorium at the fair grounds. During the afternoon's program N. G. Thompson, discussed "Canes of Failure." Miss McCormick read an original paper concerning "Woman as a Citizen" and S. T. Elliot made an address.

The meeting voted favoring the suppression of the liquor traffic.

The next regular meeting will be held at Keene in January.

Special Police for Thursday

Mayor Hamilton expects to have the city police well posted Thursday. He will appoint tonight twelve extra policemen whose duty it will be to be at each city polling place all day. At noon Thursday the blue coats will report on duty, instead of at evening as usual, and each polling place in the afternoon will therefore have a plain clothes man and a regular officer.

Cures Eczema Quickly

New Drug, Poslam, Now Obtainable in Small Quantities

Since its discovery one year ago the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be inconvenient to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two dollar package, a special 50 cent size, which will be the future may be found on sale at C. E. Anderson's and other leading drug stores in Coshocton, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application. Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

TIRES OF WAGONS TO BE WIDER

Road Commissioners David Marshall, Ed Norman, Allen Barnes, and Dan Waggoner, together with their legal advisers, Prosecutor McDowell and Judge Voorhees, left Coshocton Tuesday afternoon to drive over the new roads in Tuscarawas, Jackson, Keene and Franklin townships with a view to finding out how much damage has been done to the new roads by narrow tread coal wagons and also with a view to finding out whether or not the roads will be completed by Nov. 1, the date specified in the contract. The road commissioners will also consider what action shall be taken in case any of the contractors fail to get the roads completed within the time specified.

500,000 BASS TO BE PUT IN OHIO STREAMS

Arrangements are being made by Chief Game Warden John C. Sparks for the distribution of 500,000 small mouth bass in the streams throughout the state. The fish are at present in the hatcheries at London and the work of moving them will begin early this week. It will require some time to complete the distribution and then the work of taking the spawn from Lake Erie will begin. This will be in the latter part of November. General Sparks declares the bass ready for distribution are the finest specimens that have been turned loose for many years and that when they have reached the age of a year they will be a big help to the fishing industry. About 100,000 fish will be placed in the streams in the vicinity of Columbus.

FARMER GIVES ADVICE TO VOTERS OF COUNTY

Discusses Important Features From a Farmer's Standpoint and Tells You What He Thinks is Best to Do Thursday

As the farmer sees it the real question is, shall the present system of the open saloon, under regulation, be changed for the closed saloon under County Option, which it is claimed means the "speak easy" and the "boot-legger." Unfortunately the farmers are up against this question and if local option succeeds it must be through their votes.

County option does not claim to prohibit the making and drinking of liquor. Voting Coshocton county dry next Thursday will not change human nature. Both plans, the present one in use and the new one proposed, are intended to curb the evils arising from the liquor traffic, so it is a difference of opinion as to which is the better plan for promoting temperance.

Nearly all the people of Coshocton county are in favor of temperance and are anxious to do whatever they can to minimize the evils of drunkenness. Through blind zeal the advocates of county option insist upon lining up the people on one side all who are in favor of temperance and good morals, and they claim that all who are on the other side are in favor of intemperance and bad morals. This leaves a false impression with the voters and it is nothing to the credit of the people who are pushing it. The business interests, and the wage earners of Coshocton point to the cities in the vicinity like their own, where local option has been tried: East Liverpool, Wellston, Mt. Vernon, Wooster, etc., and at the first opportunity after trying it have repudiated local option by their votes. If this does not strike us as being conclusive it should be at least sufficient to raise a doubt in our minds so that we should give heed to the business men and wage earners who are so vitally interested, and who ask us to wait a little while until the experiment has been fully tried out in other places.

The other objection raised to county option by the business and manufacturing interests and wage earners of Coshocton is that it will drive out of Coshocton county some of its leading industries, cripple others, and prevent Coshocton from ever becoming a manufacturing center. This claim is made by those controlling and operating 95 per cent. of the manufacturing interests of Coshocton, by over 1600 wage earners, and by nearly all leading business men of Coshocton. They make their statements in writing over their own signatures, stating the facts in a plain, temperate and business like way. Violent denunciations have been circulated, impugning their motives, accusing them of being allied with the saloons, attacking the standing and integrity of those of our people whom we have believed to be the most honorable and capable men of the county. The farmer must not be misled by this.

The advocates of county option are bold in their declarations that the business men, manufacturers and wage earners do not tell the truth, and advise the farmers that if the county goes dry these interests will all be benefited. My judgment is that these people do not know anything about it, never having had any experience, and that they are assuming a little too much and their advice should be taken at what it is worth. It may be said that there is one exception to this, that a single advocate of county option who has had large experience stands alone in his denial of what the men at the head of these industries say. This is true but he has been out of active business for two years, and has turned tail on everything that he ever did or ever said, with such suddenness, that his violent utterances do not inspire much confidence.

So that the farmer who would look upon this matter with a view of ascertaining what is the right thing to do, sees that the controversy is not a question between temperance and intemperance but a difference of opinion as to the best method to be used for the purpose of curbing the evils of intemperance, and I think it also must be accepted as an absolute fact that it will bring wreck and ruin on the great industries of Coshocton.

Another matter that I want to call attention to and that is the striking difference between the two opposing sides in this campaign. The advocates of county option tried to make the people believe that all the people opposed to them are apologizing for the saloons, that they are in favor of intemperance, drunkenness and all the attendant evils. They have made a vicious attack upon the leading business men, manufacturers and wage earners of Coshocton. To illustrate: They have left the false impression, through their Daily Dry and their speakers through the county that the officers at the head of these great manufacturing and business concerns in Coshocton have but small holdings. That they pay no taxes, or but little, while the fact is, and they know it too who are circulating these stories that the stock of these great industries of Coshocton is not returned for taxes in the name of its owner, but that the companies themselves pay taxes on it, and it appears in the names of the companies on the tax duplicate. They knowingly utter and circulate these falsehoods in order to create a false impression among the voters. Their whole line of policy is this campaign seems to be based upon extravagant statements, foolish and false charges and deductions, while on the other hand the business interests and wage earners of Coshocton have been contented with the plain simple statement of facts, and over their own signatures, all of which are evidently made with scrupulous exactness. They do not make any extravagant comments. They do not send speakers to make speeches anywhere, but want to leave the whole matter to the sober judgment of our people.

The campaign has progressed far enough to let us know that it is no longer a fight between the temperance people and the saloons, but it is now narrowed down to a vicious and unreasonable assault by the Anti-Saloon League and its followers against the Manufacturers, business interests and wage earners of Coshocton.

I find on my own personal investigation that according to one engineer's estimate that our new bridges can be built at a cost of \$150,000. The people and our county commissioners can make them cost just as much as they wish, but there is no doubt that they will be governed by good sense and the best interests of the public. Why does this county option committee knowingly and purposely make these extravagant and false statements as to the cost of these bridges? I will tell you. In order that they may by these falsehoods lead the farmer into a hostile attitude towards Coshocton and after they have him duly worked up to a white heat of hatred, bitterness and revenge to slyly get him to vote dry.

The county option committee has published and circulated and endeavored to put in every Coshocton county home, by newspaper, handbill and the public mails, the now infamous dodger known as WHICH, containing the following: "On one side are Drunkards, Thugs, Gamblers, Anarchists, Disreputable Business Men and Harlots. On the other side are the honest, upright men and all good women." There is but one class of business men, that is the disreputable, according to their classification. Therefore all our business men and manufacturers must come under that class. All the wage earners must be covered by one of these other classes, but our good wives, daughter and sisters have no choice. Will my fellow farmers and their good wives and daughters stand for this?

The people who are doing this tell us that they want to get their shoulder under things so that they can give this community a moral uplift. ADV A Farmer-

ATTENTION, COSHOCTON VOTERS!

Here are a few recent side lights on prohibition which you vote next Thursday:

Why Shelby County Went Wet.
"One of the things that was most potent in carrying the election for the wets in Shelby county was the fact that a big whisky firm in a neighboring city openly contributed money to the dry side of the campaign in that county. This whisky firm has been doing a mail order business in dry townships for some time. It does not deal with open saloons. This firm knows whether prohibition prohibits. It knows that its business will be increased if the counties in its territory vote dry. It is to the benefit of the whisky house to have the saloon closed so it can do an immense mail order business. Hence it contributed liberally to the dry campaign."

"This fact was disclosed to the people of Shelby county. It opened the eyes of those whose eyes had not been opened already. They wanted to know, if prohibition prohibited, why it was this whisky house was contributing money to the dry campaign." — Columbus Press-Post, Oct. 14.

Bootleggers Stole Whisky.
"Oklahoma City, Okla., October 14.—Three men with two wagons and a buggy drove to the Santa Fe freight depot on Reno street in Oklahoma City early this morning and, protected by darkness, removed \$1,000 worth of whisky and beer from a car which was billed to parties in Texas 'dry territory.' The thieves took the entire contents of one car and broke into two other cars looking for more liquor. It is supposed the thieves were bootleggers who manage to violate Oklahoma's prohibition laws."—Cincinnati Enquirer, Oct. 15.

Business Men at Tiffin.
"Tiffin, Ohio, October 14.—The City Council has taken an active part in the bitter county local option campaign waged here, and recently published in local option papers a statement showing what effect on the tax revenues local option would have. The Business Men's Association of Seneca County is also actively working against the local option element."—Cincinnati Enquirer, Oct. 15.

Whisky Under Prohibition.
"Jackson, Tenn., Oct. 16.—Jackson's near-beer problem in a new phase had an airing before the city council and the upshot of the discussion was a suggestion by Chief of Police T. C. Gaston that a tax of \$500 per year be levied on each of the soft drink stands where malt and vinous liquors are sold. The question was held over until next meeting, when it will be considered again. Chief Gaston appeared before the board and stated that in his opinion nearly every one of the soft drink stands now doing business in the city sell whisky, but that he had failed to secure evidence against them."—Nashville Tennessean, Oct. 17.

Newcomerstown.
"There is more whisky sold in Newcomerstown since the town voted 'wet' than when it was 'dry.' Mail order whisky is being shipped into the place in large quantities. There have been three arrests for drunkenness this week."—Hon. Moses B. Kennedy, mayor of Newcomerstown, in Coshocton interview, Oct. 17. Respectfully submitted to the consideration of all voters. Coshocton Manufacturers' Association. ADV.

RHEUMATIC FOLKS.
Are You Sure Your Kidneys are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive. Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Coshocton testimony to prove it. Prosper Royer a retired farmer, 627 South Seventh street, Coshocton, O., says: "I used Doan's Kidney Pills and was greatly benefited by their use. Previous to using them, I was in a very bad condition from kidney trouble and rheumatism. At times I suffered intense pains and a complete suppression of the secretions and was unable to pass them until relieved by the aid of an instrument. The secretions contained much blood and there was a constant desire to pass them both day and night. This symptom caused me much trouble and greatly disturbed my rest at night. I procured a box of Doan's Kidney Pills from Sigerist & Williams' drug store as they were highly recommended. The result of their use was marvelous for the secretions were soon regulated. I am now in unusually good health." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

TO MAKE THE BEST REMEDY Fine Home Made Prescription for Rheumatism and Kidney Trouble

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been filled millions of times, viz.: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic afflictions, relieving the aches and pains and reducing swellings.

A well known authority states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these spongelike organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism. If your back or sides ache and you suspect kidney trouble it would be wise to try this for a few days.

Every exacting requirement of refined taste is met by Satin skin powder. 4 tints.

UNFAIR TO UNION LABOR Typographical Union, No. 364, Condemns Mr. C. B. McCoy, President of The Manufacturer's Association and Champions and defends Saloons as being unfair to Union Labor.

At a special meeting of Coshocton Typographical Union, No. 364, held Monday, Oct. 19, the following resolutions were adopted in regard to the relations of the Typographical Union with the Meek Company during the incumbency of the present management and during that of Mr. Meek.

RESOLVED, That our relations with Mr. Meek, during his long all committees which were sent to him. It was during his management with him on this subject. His ideas of unionism are of a day RESOLVED, That our relations with Mr. Meek, during his long management of the Meek Co., were of a nature to cause us to feel that he was giving us a square deal at all times; that when disputes arose, or wage scales were to be agreed upon, Mr. Meek was always ready to lend both his time and consideration toward all committees which were sent to him. It was during his management that three crafts of organized labor sprang into existence in his factory; and after the period of adjustment, about one year, there was at no time any question between this union and Mr. Meek, that was not amicably settled. It is our desire to show that Mr. Meek was fair, and that good wages and hours were the result.

RESOLVED, That these facts be stated in regard to the present management: Mr. McCoy refused the Pressmen the eight hour day last November, and it was jointly suggested that a vote of the printers be taken looking to their cooperation with the pressmen in helping them to effect a settlement of their strike. The result of the vote was the loss to our union of six of our members employed at the Meek company. Different advances have been made to Mr. McCoy to cause these members to come back, and to organize his plant, but we have come to the conclusion that there can be no agreement effected with Mr. McCoy. We have brought our organizers here and taken them to wait on subordinate managers only to be shown little courtesy and small consideration. The last conversation along a settlement line was had on Sunday, Oct. 18, when Mr. McCoy most positively refused to grant any thing or to promise a settlement in any way. He never made a suggestion in any way to the end of a settlement at any time, and we feel that Mr. McCoy is not a friend of Union Labor, and we look for no settlement with him on this subject. His ideas of unionism are a day that has long passed, and as the International Typographical Union spent \$5,000,000 to get the eight hour day, we cannot be convinced that we should wait any longer. It is our desire that this action be taken at this time for the reason that we can place our friends and our enemies before the people at a time when they are lined up as public spirited citizens. It is our desire that these resolutions be given the widest publicity, so that union men may know "who are our friends." Coshocton Typographical Union, No. 364. ADV

BRYAN SAYS LABOR HAS BEEN SLIGHTED Promises It a Cabinet Position If Elected President.

Chicago, Oct. 20.—After an all-day trip through the state, William J. Bryan entered Chicago in a blaze of glory.

Thousands assembled at the Union depot to greet him as his special pulled in an hour and fifteen minutes late, and in the crowd to do him honor were a large delegation from the Cook county Democracy, members of the national committee and all the local Democratic candidates, including the candidates for congress, who escorted him in 50 automobiles to Pilsen park, where he addressed a great throng. As he emerged from the station a great quantity of red fire and Roman candles were set off, the crowd all the while wildly cheering. As the long procession of motor cars passed down the street their occupants continued the pyrotechnic display. From Pilsen park the Democratic candidate was escorted to Arcade hall, where another big crowd accorded him an ovation. Many in the Pilsen park audience were laboring people.

"If I am elected president," said Mr. Bryan, "and the more I travel and mingle with the people the more convinced I am that I will be elected—if I am elected, I intend to have a secretary of labor as a member of the cabinet. The affairs of the workingmen of this country are too great not to have a representative on the president's advisory board. From this secretary I should seek advice on legislation of interest to the workingman."

A four cylinder Jewel car drove to Coshocton Monday and remained over night. They were on their way to Columbus.

Let Kodol

Digest what you eat. Then you can Eat what you like.

You once could eat anything you wanted, and your stomach would digest it. But now there's some things which your stomach won't digest. Your stomach absolutely refuses to accommodate you when you eat certain food—so you have been forced by your stomach to eat food which you detested, and pass up those delicacies that you would have really enjoyed.

There is a way now to eat any thing you like, if you will let Kodol digest it.

Kodol will do this, too. It won't talk back or command, but will go right ahead with its work and digest all the food you eat. Kodol will let you eat anything you like and all you want, and you won't suffer with that dull feeling, that fullness, and wish you hadn't eaten so much.

You will not have that heart-burn, which is so annoying at times, if you will let Kodol digest your food a while.

You don't have to use Kodol long—only for a little while—just long enough for your stomach to rest a little. It gets tired sometimes, too—just the same as anybody or part of your body that works.

Kodol will do exactly what your stomach does, when your stomach is well and strong, and more, when it is tired or out of order.

Kodol is composed of exactly the same juices as found in a healthy stomach, and therefore will do the same work as the stomach, when it is well and strong—the only difference is, Kodol never gets tired—and Kodol is the only digestant to-day, that will digest all food and do it as completely, as a strong, healthy stomach.

Get a bottle now and have it ready to help your stomach at times when you need an assistant. Kodol is at the nearest drug store.

Our Guarantee
Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 3 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Entertained With

Six O'clock Supper

Mr. and Mrs. Will Stiner and family entertained Misses Lucy Stiner, Nell Crawford and Harry Crawford with a six o'clock supper Thursday evening.

New Century Club

With Mrs. Palm

The regular meeting of The New Century club was held Monday evening at the home of Miss Macra Palm. The house was very appropriately and tastefully decorated with many autumn leaves. The responses were answered by citing the many unattractive features of our city, among which were mentioned the "dump" down by the river, and the one on the Pleasant Valley road, numerous ugly fences, and last of all the first escapes.

An interesting paper was read by Mrs. Ricketts on Cromwell and the Commonwealth. This was followed by Mrs. McConnell's paper on Modern English Painters. The paper was made most entertaining by the use of pictures of famous artists and their work.

Miss Helen Brown gave a very interesting report of the convention of the State Federation at Tiffin. An indoor picnic was decided upon to be given in two weeks at the home of Mrs. Will Merrell, instead of the regular meeting, the program of which will be divided between the next two meetings.

Chautauqua

Club Met

The Chautauqua Circle met Monday evening at the home of Miss Mayme Savery and the program was a very interesting one. The roll call was responded to with current events, as usual, and the first paper

was presented by Miss Lucy Beach on "The French Revolution." Miss Dorothy Davis read a paper on "Present European Equilibrium." A social hour followed the program. Refreshments were served. Mrs. J. S. Elliott was a guest of the club.

District Plans

Winter's Work

District 1 of the Pre-Lutheran church met at the home of Mrs. Ed Kuntz Monday evening and planned their winter's work. As it was the first meeting of the year, there was no business, except the discussion of the plans for the Church Bazaar, which will be given later in the winter. The next meeting will be held in two weeks at the home of Mrs. George Gray.

Baptist Brotherhood

Organizes

The Baptist Brotherhood met at the home of Rev. Bridge on Chestnut street Monday. Arrangements were made for the regular meetings, which will be held at the church, the first of which will be held in two weeks.

Plan for a

Harvest Home Festival

The Kings Daughters of the Baptist church met Monday evening with a very good attendance. Miss Wilson gave an interesting review of their popular book "The Lady of the Decoration" and there was special music by Miss Baderman and Miss Adams. Plans are being made for a Harvest Home Festival to be given the evening of Nov. 5.

Fresno Family

Moves to Colorado

Mr. and Mrs. James D. Boyd and daughter Ester left Tuesday morning for Monte Vista, Colorado, where they expect to make their future home. They have been residing near Fresno, Mrs. Boyd is a sister of Mrs. Geo. D. Klein, of Coshocton and has two brothers out in Colorado.

Mr. Lamberson

In Recital

Sam Lamberson left this morning for Norwalk, O., where he gives a private concert this evening. He will join the Ernest Gamble Concert Co. in a few days at Pittsburg.

Historical Club's

Interesting Session

The first paper at Monday's session of the Historical club at the Carnegie library was an excellent paper by Mrs. L. T. Smith on "The Period of Preparation: The Chaucer Period; The Chaucer Century." This was followed by a paper by Mrs. C. W. St. Clair on "The Poets of the Chaucer Period" in which she gleaned some interesting facts from that most barren period of English literature.

Miss Whiting then took the club on a trip to Tiffin and with her they visited the State Federation. It added much to her report that she had secured newspaper pictures of the ladies who addressed the Federation, together with facts regarding their personality which brought the work accomplished by them before the club in a very clear as well as pleasing manner.

The hour of closing having arrived Miss Whiting was requested to carry a part of her report together with the "Current Events in the Musical World" and the lecture discussion over until the next regular meeting.

Card Club

With Mrs. Glaser

The Young Married People's Card club will meet Friday evening at the home of Mr. and Mrs. Rudolph Glaser.

Will Depart Millionaire.

New York, Oct. 20.—James Howard Allport, reputed to be a millionaire of Liverpool, England, and Miss Ray Buey, an English girl of 22 years, are held at Ellis Island for deportation to England on the Mauretania. The two were first cabin passengers on that vessel when it arrived here Saturday.

Ahead of them had come word by cable from Howard Allport, the young man's father, that his son had left a wife and daughter in Liverpool, and that as young Allport was charged to be of unsound mind his deportation was requested.

Net Waists

Are to be extremely fashionable this season and we are showing some unusually exclusive models. Dozens of styles from which to choose in Ecru, White, and Black—in styles of tasty character yet with a dressiness apparent in every line.

Handsome nets are employed in the making of these waists and the trimmings of lace, braid, buttons and satin bands are exquisite. Better and prettier waists than you'll see elsewhere at \$4.50, \$5, \$7.50 and up to \$10. (See these waists in The Annex.)

Our Infants SECTION

Is fast becoming one of our very best and leading departments.

Mothers appreciate our effort to have an up-to-date line of Infants' Wearables and we merit this appreciation too—for we always have the dainty articles so necessary in the baby's wardrobe.

This section contains booties, leggings, mittens, kid shoes, cashmere sacques, Omo diapers, Stark rubber pants, bearskin caps, matching the practical bearskin coats in white, tan, grey, red, brown, blue and black. Infant's dresses are shown here in varied profusion—in fact all these articles taken collectively make this THE GREATEST INFANT'S SECTION IN CENTRAL OHIO. (In The Annex.)

CANTWELL'S

TEN CASES OF DIPHTHERIA

While there are two cases of scarlet fever at the Weimer home on East Vine street, one case of typhoid fever at the Woods home at 16th and Orange street and ten or twelve cases of a diphtheria in Coshocton, there are no dangerous cases.

Five new cases of diphtheria were reported to Health Officer E. G. Abbott Tuesday. They are: Grant Sybol's daughter, on South 5th, near Walnut; Herman Greene's boy at 6th and Locust; B. F. Voorhees' son Francis on Walnut; Miss Lorna

Burke on South Sixth; and a visitor from Roscoe at the Heffelfinger home on Locust street.

The other cases of diphtheria, all of which are convalescent, are: Sandy Finnell's boy on South 10th; R. E. Tracewell's boy on South Third; Mr. Babst's child at Walnut and Second and Mr. Swage's child on Elm street. There are three cases of tonsillitis at the Bodes home and the fourth child has a contagious disease which has not been pronounced yet.

Billet Must Hang.

Washington, Oct. 20.—Herman Billet, fortune teller and necromancer, must hang for the murder of six members of the Venz family in Chicago in June, 1907. The supreme court of the United States dismissed for want of jurisdiction the plea of the condemned murderer for a writ of habeas corpus.

Rastus Goes Fishing.

Mr. Henry—"Going fishing on washday, Rastus? I thought Melissa needed you to gather wood and make a fire to boil the clothes."

Rastus—"Yes, sah, Marse Henry. But Anty Drudge here, she done sho'd M'Lissy how to wash de clo's without no fiah an' M'Lissy she say hit's as easy as rollin' off a log."

Anty Drudge—"That's right, Mr. Henry. Rastus had better be working than fishing, but Melissa doesn't need him. Fels-Naptha makes the biggest washing easy for one person in less time than the old way."

Do your washing without a fire next time. Save the bother, the discomfort and the cost of fuel.

Wash your clothes with Fels-Naptha in cool or lukewarm water, in summer or winter.

It's much easier—no hard rubbing is needed.

It saves the clothes because there's no boiling to weaken them and no hard rubbing to wear them out.

It takes less than half the time of the old way.

And this Fels-Naptha way of washing in cool or lukewarm water makes your clothes cleaner, sweeter, and fresher than if you boiled and hard-rubbed 'em till Doomsday.

Don't take a substitute for Fels-Naptha because it will not do the work.

Look for the red and green wrapper and follow the directions printed on the back.

SPENDING THOUSANDS OF DOLLARS EXPERIMENTING

The Scientist Made a Great Discovery.

When a man is in doubt it becomes his duty to investigate, when proof is piled upon proof it is time to be convinced. There is nothing to be so valuable as good health. The reporter of this article personally knows of several people here that are rapidly regaining their health because they investigated the proofs produced by the Root Juice people and were convinced. We positively know that an eminent scientist devoted several years of his life to hard study and spent over ten thousand dollars experimenting before the afflicted were permitted to try his great discovery, which is now curing people all over the country, after all other remedies had failed. If you bloat and belch sour gases; if your food lays heavy on the stomach; if you have any symptoms of indigestion, we honestly believe that one dose of Root Juice will convince you of its wonderful merits. Root Juice soothes and heals the mucous lining of the stomach, bowels and bladder and at the same time heats and strengthens the liver and kidneys. It prevents fermentation of food in the stomach and bowels and stops formation of acid by causing the digestive fluids to be supplied in sufficient quantities in a natural way and giving the liver and kidneys health and strength to do the work nature intended them to do. The blood will soon be filtered of all impurities and good rich blood will be made to nourish the whole body. Poor, weak women and dyspeptic, backaching, rheumatic men, take this advice before it is too late. Go immediately and get a bottle of Root Juice. Now on sale, \$1 a bottle, or six bottles for \$5.00 at C. E. Anderson's drug store.

Personals of Evansburg

Evansburg, Oct. 20.—Miss Fannie Norris of Newcomerstown spent Sunday at her home here.

Mrs. George Plummer of Coshocton spent last week with her parents at this place.

Mr. and Mrs. Benton Warren of near Bakersville spent Sunday afternoon with Mrs. Anna Novis.

Several from this place attended Quarterly Meetings at Bakersville Sunday.

Mr. and Mrs. E. B. Huff of West Lafayette spent Monday at this place. Mrs. George Davis and family visited relatives at Newcomerstown Sunday.

Mr. and Mrs. S. L. Stowe of New Comerstown and Mrs. Arthur McClan of Peoria, Ill. called on Mrs. F. A. Richmond Sunday evening.

Quite a number from this place attended the ball game at New Comerstown last Thursday.

Mrs. E. A. Richmond and daughter Jennie visited relatives in West Lafayette one day last week.

Mrs. Mary Norman of Bakersville was the guest of Mrs. E. W. Geese a few days last week.

SHE WAS A PEACH

There is a girl lives in Kankakee, and she can come and keep house for me—thus spoke a youth in Cambridge town, and he was not noted for any clown. But he said that this girl knew how to cook and she didn't learn it from a book; she could wash and keep things fine—used Spartan Stain to make wood shine. Spartan Stain is the greatest Varnish Stain on earth for all floors and woodwork. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by C. L. Fleming.

Socialist Defied Mayor

Frank Midney, a Socialist speaker from Chicago, was arrested together with Jim McCarton at Sixth and Monday night for blocking the sidewalk. Mayor Hamilton had granted them permission to speak either at certain points on the public square where the "dix" speaker would not be disturbed, or at 11th and Chestnut, but they declined, saying they could speak where they pleased. The offense is in violation of a city ordinance. They were let out on \$5 bond and then held a short session on one corner of the square. Their hearing was fixed for Thursday, 9 a. m.

Socialists Disappointed.

Columbus, O., Oct. 20.—Eugene V. Debs, Socialist candidate for president, was too ill to speak here, and a large crowd which overflowed the Board of Trade auditorium was disappointed. It was announced at the meeting that Mr. Debs was not suffering from any organic trouble, but was simply worn out by the exertions of campaigning. Mr. Debs remained on his "Red Special" while here.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must suffer. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by C. E. Anderson, drug stl, Coshocton, and C. M. Ferguson, druggist, Roscoe.

41 DEAD IN FIRES OF FORESTS

Pumps Destroyed and Creeks Dried Up—Eighteen Hundred Homeless and Suffering Is Intense—Half-Clad Women Flock to Relief Trains For Clothing—Fear Entertained That 60 Families in Isolated Region Are Lost—Fires Rage in Other States.

Alpena, Mich., Oct. 20.—Forty-one lives are known to have been lost in the forest fires that sweep over Presque Isle and Alpena counties, with several people still reported missing and a growing probability of severe loss of life in the northern Pulawski and Krakow townships in Presque Isle county, the first indication of which came with the reporting of six dead bodies in Pulawski including those of Mrs. Herman Erke and children. Two woodsmen found the skeleton of Mrs. William D. Rose, living near Ockenee. The woman's husband was away working and she was alone in her home, surrounded by the forest. Evidence of back firing bear minute testimony to her hopeless fight for life.

At least 60 families were living near the shore of Lake Huron, in the northern half of Pulawski and Krakow townships, and practically nothing has been heard from them since the fires. It is difficult to get into this district, as the country is cut up by many streams and the bridges have been burned, while fall of the trees blocks the roads in every direction. It is said that the flames swept all through this district to the water's edge, and it is feared more bodies will be found. Christ Criger, a fisherman, escaped in an open boat badly scorched.

Schoolchildren Are Missing.

At Grand Lake a farmer and wife and four children are known to have taken refuge in a boat, and nothing has been heard from them since. A dozen schoolchildren sent home by teachers have not been heard from. Near Posen, Mr. and Mrs. Hines are still missing.

Some apprehension is felt for Grace Harbor, which is located on the shore of Lake Huron, northwest of here. No word has been received from there since the fires. Along the eight miles of road from Posen to Hagensville 28 farmers were wiped out. The total number of houses destroyed in Presque Isle, Alpena and Montmorency counties is over 300.

Pathetic scenes marked the arrival of a carload of clothing and provisions at Metz. Ragged women and children rushed eagerly about the car door, awaiting with outstretched arms whatever contribution might be their portion. At the lowest estimate there are 1,800 persons homeless, and there is not even an adequate supply of water. All the pumps have been burned and the streams and ditches are dry.

Berkshires Attacked.

North Adams, Mass., Oct. 20.—The Berkshire mountain region in western Massachusetts and the foothills of the Green mountain range in southern Vermont were covered with a thick smoke-pall from fires which have burned over hundreds of acres of timber land. Hoosac mountain, through which runs the long tunnel of the Fitchburg division of the Boston & Maine railroad, is a mass of flames near its top. As the fire is well above the tunnel entrance no interference with the operation of trains is anticipated. The region threatened is a part of the biggest forest area in Vermont, and covers about 600 square miles.

Escape to Island.

Cable, Wis., Oct. 20.—The entire country for six miles east of Namakagon lake is a solid mass of burning timber. The loss already exceeds \$100,000. The flames reached the summer home of the St. Paul capitalist, Crawford Livingston, where 42 firefighters, under the direction of the Wisconsin state fire warden, succeeded in staying the fire, after Mrs. Livingston, her daughter and several guests had fled in boats to the island home of Judge McLaughlin of St. Louis, located about 50 rods from the shore.

Winds Fan Adirondack Fires.

Utica, N. Y., Oct. 20.—Heavy winds in the central Adirondacks have picked up the fires which raged during the long drought and are driving them on as furiously as before. The mill of the International Paper company at Underwood is in the path of the fire. The company has 250 men combating it. Fires are reported from Dolgeville and one is in the Pleasant Lake district.

State Institution Threatened.

Utica, N. Y., Oct. 20.—A dozen Utica firemen, one engine and one hose truck left for Lake Kashaqua, above Tupper Lake, where Stony Wolf sanitarium, the state tuberculosis institution, is threatened by forest fires.

WOULD MORTGAGE THE FARM

A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw; one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at C. E. Anderson's drug and book store, Coshocton and at C. M. Ferguson's drug store, Roscoe.

TAFT MUST CANCEL DAY ENGAGEMENTS

Voice Goes Back on Him While Touring East.

New York, Oct. 20.—Chairman Hitchcock, on his return from a visit with Judge Taft at Newark, N. J., announced that the candidate's voice is in such bad condition that he will have to cancel many of his dates for speaking.

This means a rearrangement of Mr. Taft's itinerary, but it will not affect his dates in New York. The rearrangement will cut out all of Mr. Taft's day speeches and one of his night speeches. The latter is the speech which had been planned for Chicago next Saturday night. Dr. Alexander, the throat specialist, who is traveling with Mr. Taft, is of the opinion that Mr. Taft's voice has been affected chiefly by his outdoor speaking. By abandoning the day speeches, which were to have been made out of doors, it is believed by Dr. Alexander that Mr. Taft will be able to meet all of his night engagements with the exception of that at Chicago.

VISITS THREE STATES

Taft Is Greeted by Large Crowds Wherever He Speaks.

Baltimore, Md., Oct. 20.—Hitting straight at his opponent, Mr. Bryan, with even more force than in the north, west or south, Judge William H. Taft carried his campaign to the very doors of New York city and gave a clear indication of the character of speeches he will make in the Empire state next week. Mr. Taft spent three hours in Newark, an hour in Elizabeth, an hour in Wilmington, and the entire evening in Baltimore. He encountered tremendous crowds and enthusiasm spontaneous and ample. His extended efforts of the day were at Newark, Elizabeth and Baltimore. At Newark he gave attention to all the issues save labor. In his Elizabeth speech he dwelt solely upon the labor question, and here he combined the Newark and Elizabeth speeches. The zest with which Delaware received the candidate resulted in curtailing the Wilmington speech to but a few lines. The crowd in the square opposite the public building, where the speakers' stand stood, was so jammed with people that it was with the greatest difficulty that Mr. Taft was gotten through. And when he reached the stand the pressure in the throng was so great that many women and children were removed in distress. Mr. Taft realized and so stated that his voice was such that he could not be heard by the crowd.

THIS AND THAT

One man was killed and six seriously injured by the collision of two streetcars in Kansas City, Mo.

After making an ineffectual attempt to kill his sweetheart, Margaret Lisk, James White killed himself at East Liverpool, O.

Henry E. Croul, manager of the Club hotel at Baltimore, Md., was fatally stricken while attending a theatrical performance.

President Roosevelt has signed a contract to act as associate editor of the Outlook magazine after his return from the African wilds.

GET RID OF THE GAS

THIS OHIO MAN FOUND IT CAUSED GREAT DISTRESS.

A Case of Stomach Trouble, Complicated with Rheumatism, That the Tonic Treatment Cured.

When the stomach is feeble the food lies in it undigested, decays and throws off poisonous gases that distend the walls of the stomach, and cause interference with other organs, especially with the action of the heart and lungs. These gases have other ill effects. They are absorbed by the blood and corrupt it and so cause aches in remote parts of the body and the formation of unhealthy tissue everywhere. General bodily weakness and loss of weight result. The nerves and the brain are disturbed and discomforts such as dizziness, hot flashes, sleeplessness, irritability and despondency originate from this source. Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will rouse it to do the work of changing the food into nourishment. The tonic used ought to be one that will agree with the most delicate stomach.

Mr. C. C. Clune, a farmer, at Berlin Center, Ohio, was cured of an obstinate case of stomach trouble, which he describes as follows:

"I think my stomach trouble was brought on by the many cold meals I ate when a teacher. My stomach was so weak that I had no appetite and I would vomit after eating. My stomach would bloat, fill with gas and pain me after every meal. I had palpitation of the heart and was short of breath if I exerted myself. I also suffered with rheumatism. The joints in my arms would get sore and stiff and at times I was unable to work. "I was under doctors' care more or less of the time and was ailing for fifteen years. They were unable to cure me. Through reading the papers I decided to try Dr. Williams' Pink Pills. It wasn't long before I saw that the rheumatism was not so bad and that I could eat without so much distress. As this was the first relief I had ever received I kept on taking the pills until cured. I now feel better than at any time in my life."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send today for free diet book.

Will Parade For Kern

The "faithful" are going to march Friday evening when Kern comes to town. The band will first play at J. P. Forbes' residence where Mr. Kern will be a guest and then will escort the vice presidential candidate down town to city hall, where he will be met by Timothy Hogan and the Bryan club. They will then march up Main to the theatre. Joe McDowell will be chief marshal; Ernest Higgins, Vic Graham, Bob McDermott, Hugh Gamble, Wm. Doll, L. J. Tish, Richard Beck, Edward Maricor and Wm. McKine will be sword bearers and yeoman of the guard.

Cloudburst Floods Farm Lands. Lamar, Colo., Oct. 20.—A cloudburst struck this city, registering a fall of nearly four inches of rain. The Arkansas river, already a torrent, is rising rapidly, and the large bridge over this stream is momentarily in danger of being swept away. Irrigating systems are breaking and flooding farm lands. Most of the crops, however, are past danger. Sand creek and Mud creek bridges on the Santa Fe are out.

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take. It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va.; Mrs. K. L. Stout, of Louisville, Ky.; and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

High Up In The Air

Sam Felver and Chas. Swick commenced work this afternoon preparatory to painting the tall flagpole on top of the courthouse. They have also been awarded the contract for painting four or five high smokestacks at the electric light plant.

Notice To Contractors.

Notice is hereby given, that until the 31st day of October A. D. 1908 at 12 o'clock, noon, sealed proposals will be received at the office of the Clerk of the Board of Education of Linton Township School District, Coshocton County, Ohio, for the furnishing of material and building a school house on the lot situate at Linton Mills, in Sub Dst. No. 2, and according to plans and specifications in the clerk's office.

Each bid shall contain the name of every person in the same and shall be accompanied by a sufficient guarantee of some disinterested person that if the bid is accepted, a contract will be entered into and the performance of it properly secured. When both labor and materials are embraced in the work, bid for each must be separately stated in the bid with the price thereof.

Bids will be received separately for carpenter work and masonry or both combined.

None but the lowest responsible bid will be accepted, and the board reserves the right to reject all the bids, or accept any bids for labor and material which is the lowest in the aggregate.

In accordance with Section 5988 of the Revised Statutes of Ohio and realizing the urgent necessity for the construction and early completion of the above building the time of advertising has been limited to the above date.

By order of Board of Education, Oct. 12-16-20-27 A. H. Hoorman, Clerk of Board.

JAMES R. KEENE AND FAMOUS HORSES

THAT HE IS SENDING TO RACE IN ENGLAND

The present condition of racing affairs in New York has prompted James R. Keene, the noted turfman, to send the best of his race horses to England. Among the number will be Colin, the unbeaten three-year-old, winner of \$191,000 in purses in his two years' career on the track. Colin and the world famous Ballot, Suburban handicap winner, also are to go. No inducement is likely to be offered in New York next season that would tempt Mr. Keene to put such horses as these in training, so he has decided to send them to England, where they will have opportunities in the great open events and cup races. Mr. Keene made one shipment of fifteen horses on Oct. 17 on board the Atlantic transport steamer Minikahua. Colin, Colt and Ballot will go later. Fair Play and others of August Belmont's best runners are to go to England.

Big Foot Ball Games Begin This Week

BOSTON, Mass., Oct. 20.—Mid-season in American college football has begun. The Harvard team kicked the first point in the game with the Yale team, and the Yale team kicked the first point in the game with the Harvard team. The game was a hard fought one, but the Harvard team came out on top. The game was a hard fought one, but the Harvard team came out on top. The game was a hard fought one, but the Harvard team came out on top.

The football season so far has been marked with fewer accidents than ever before in the history of the game. A summary of the games played by the leading colleges shows that the Navy has scored 117 points in four games to nothing in its opponents. Harvard has scored 41 points in four games to nothing in five games. Yale 16 to nothing in two games, and Chicago 79 to 0 in three games. Princeton's clean record on the defense was spoiled Saturday when the Virginia Polytechnic kicked a goal from the field but the Tigers had previously shown some weakness in the Middle States.

Wilson Lands a Star Polo "Half Back"

Frank Wilson, of the Twin City, is said to have a hold on Jack Fahy of Fall River, Mass., recognized as the crack half back of the polo world. He will know in a day or two whether or not Jack can be landed. Spot Hadley, the big center, is the only one of the last year's team who is certain to be on the Twin City team this year.

Akron Men Get Big Fish

E. P. Jeffries and R. B. B. of Akron brought three large fish to town Tuesday morning, weighing 12, 18 and 20 pounds respectively. The gentlemen came down with the intention of hunting and catching fish, and the three large fish have been held in the camp at Rock Run. Luck was so good that the New Castle men have been able to catch these were the prize ones of the season. The three fish were caught in their homes proudly, and they would be held trophies of the season's catch.

The work of moving the new restaurant into the new building has been completed and by Saturday the new restaurant will be open for business. The new building is being laid on the floor and new ranges have arrived to be installed.

Polo Strike at Zanesville

Bobby Quinn of the Zanesville Tigers received a wire from Racine, Wis., Monday stating that Korzilius, Reichart and Zales would not come to Zanesville but last year's half back is signed. Quinn says no and it looks like he would have to sign an entire new team.

He has signed Halfback McGrath but Marion claims McGrath was on their reserve list and more trouble is in sight.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fife, one of the Editorial Staff of The Eclectic Medical Review, says of Uniform root (Helonias Divara) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues: "In Helonias we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fife further states: "The following are among the leading indications for Helonias (Uniform root): Pain or aching in the back, with leucorrhoea; atonic (weak) condition of the reproductive organs of women, evident in depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; backward (flowing) due to a weakened condition of the reproductive system; amenorrhea, or irregular or absent monthly periods; nervousness or accompanying an abnormal condition of the digestive organs and systemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Uniform root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful." Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general and universal opinion. It is a powerful and tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "It is a valuable medicine in hemorrhage, menorrhagia (flowing) and congestive dysmenorrhea (painful menstruation). Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended."

Boston Wool.

BOSTON, Oct. 20.—Wool trading continues active. Buyers are numerous and a large volume of transactions, conservatively estimated at between 6,000,000 and 7,000,000 pounds, has been booked this week. The movement of the past three or four weeks has been steady on a large scale for years. B's manufacturers of men's wear, worsteds and ladies' dress goods are the heaviest operators, but there has recently been more demand from the smaller mills making woollen fabrics. The market is very firm and the tendency of price is upward. Foreign advices are strong, with prices at the London auction sales five to ten per cent. above the opening quotations and competition very active.

Blood Humors

Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption; but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out.

Hood's Sarsaparilla expels them, renovates, strengthens and tones the whole system. This is the testimony of thousands annually. Accept no substitute, but insist on having

Change in Jackson Township.
A change has been made in the Republican officials of Jackson township. J. G. Fry, who was announced as judge, will serve as clerk and Jefferson Lowery, who was first announced as clerk, will serve as judge.

The Republican officers for Mill Creek township are:
Judges, John M. Casey and Dan Overholt; clerk, W. O. Martin.

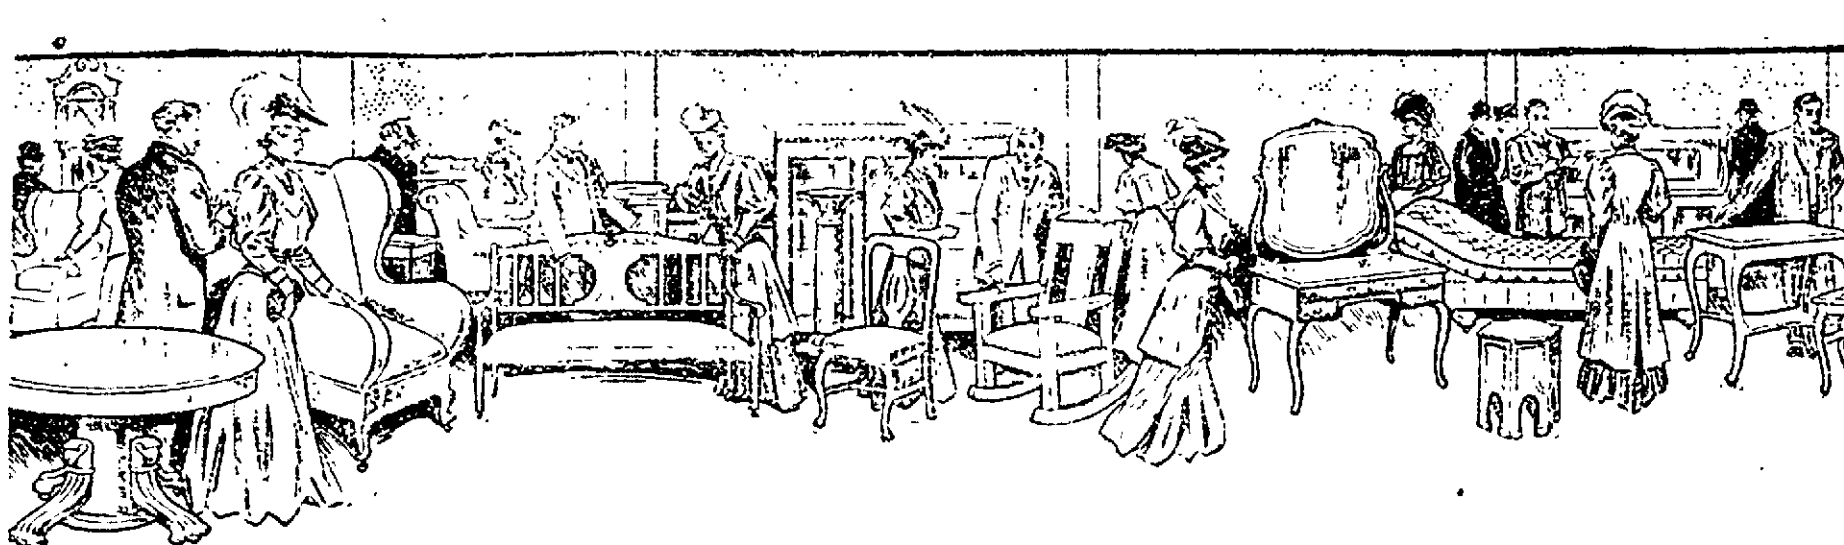

Many of the judges and clerks were in today getting their supplies from Clerk Manner, and all who have not yet done so are urged to come and get them at once. These are the officers and supplies for the November election.

Last year's officers will all hold over for the special local option election to be held this week.

The wholesome, harmless green leaves and tender stems of a long healing mountain shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babies. No opium, no chloroform, absolutely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by C. E. Anderson, druggist, Coshocton, and C. M. Ferguson, druggist, Roscoe.

New Baby List.

Born to Mr. and Mrs. Wm. Duve on South Third street a baby boy.

WHERE BULLETS FLEW.
David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50 cents at C. E. Anderson's drug and book store, Coshocton, and at C. M. Ferguson's drug store, Roscoe.

THE FOUNTAIN**COSHOCKTON'S FOREMOST FURNITURE STORE.**

We have forged to the front in the furniture business in three short years. The quality of our merchandise has turned the trick. People are convinced that if they can not be suited with the new designs shown on our floors that it is useless to look elsewhere.

Golden Oak Bed-room and Dining-room Furniture.

On these two lines we are particularly strong. Every person that sees our showing of bed-room and dining room furniture admires the finish, the new design and the general goodness of it. We show solid quartered oak bed-room suites in a wide range of prices.

A special Quartered Oak Colonial Suit (three pieces) \$25.

Quartered Oak Dining Tables \$10 to \$30.

THE FOUNTAIN DRY GOODS COMPANY.**Statement by the Local Glass Blowers**

The statement often made that for every one hundred dollars spent for strong drink that but \$4.66 goes to labor is an incorrect deduction because it considers the assumption that the only labor that is employed in the manufacture of "strong drink" is that labor which is actually employed in the manufacture of the beverage itself and the truth of the situation is that such labor is only a small percentage of the actual labor concerned in the marketing of the finished product.

Such a statement does violence to the truth for it ignores the necessary part played by the machinists, the coopers, the wagon makers, the plumbers, the glass blowers, the carpenters, the common carriers, the novelty manufacturers and their employees in all branches, the woodworkers, the general building contractors and their employees and if followed closely it will have to be admitted that the liquor and brewery interests have directly invested in buildings, machinery, and the like over \$3,000,000,000 that those interests pay over \$700,000,000 per year in wages to one million men.

No one would be foolish enough to assert that those one million men are engaged in the manufacture of the actual liquid itself, only a small portion of them are so employed.

Why then countenance a statement so grossly foreign to the truth as that the actual expenditure in labor for every \$100.00 worth of strong drink is but \$4.66 when that figure merely represents the remuneration of those few men actually engaged in brewing the beer or distilling the liquor.
